## Professional Experience

UNIVERSITY OF CINCINNATI, OFFICE OF ADMISSIONS – Cincinnati, Ohio

### Interactive Communications and Software Development

January 2006 to Present

Took on a wide range of projects in the marketing and recruitment area of the Admissions office:

- Designed and implemented a relational database and .NET software solution to automate and streamline several office processes. The system is centered on comprehensive contact and event tracking. The administrative software is used daily by 200 on-campus users and the public-facing web application serves over 22,000 registrants every year.
- Designed, wrote, and edited hundreds of web and email-based communications to promote the University to prospective students domestically and internationally.
- Responsible for technical maintenance and updating content of the Admissions website.
- Various converged media production projects.
- Worked full-time year-round, concurrently with coursework.

UNIVERSITY OF CINCINNATI, RESIDENT EDUCATION AND DEVELOPMENT – Cincinnati, Ohio

### Resident Advisor

April 2006 to June 2007

Peer leader of the residence hall floor. Resident Advisors are selected for their maturity, concern for and ability to work with others, their leadership, and ability to serve as a role model to other students.

- Organized social and educational programs.
  - Enforced residence hall policies.
  - Provided first line of customer service to students and parents.
-
